

## LION'S PRIDE TODDLER & PRESCHOOL

### Full Day Preschool/Pre-K and Toddler Care

(located in the Community Education Building, 170 Dalton Road, Chelmsford, MA)

The Lion's Pride Program offers care for children ranging from 18 months until the child enters kindergarten. We are a small program that offers a comfortable family style feeling, while maintaining the standards and security of a school setting. The children are split into classrooms based on age, which allows for specialized curriculum time that is age appropriate. Our days are packed with exciting activities and experiences which allow the children to grow and develop at their own pace.

The children in our rooms have separate areas for: creative play, building & construction, circle time, writing, math & science exploration, art and music & sensory play. Our programs exceed the recommendations offered by the MA Preschool Curriculum Guidelines.

**Our Toddler Classroom** has a large space with an abundance of toys to allow our youngest students to play and explore. We provide areas for gross motor, fine motor and art within the classroom. The teachers work with each child to help them reach his/her personal developmental milestones.

**Our Preschool Classroom** Special focus on social skills is built into this classroom. We provide daily activities to encourage social development and confidence, while providing safe boundaries. Our preschool curriculum is built around introduction of the alphabet. Each week is packed with exciting activities based on the letter of the week.

**The Pre-K Classroom** curriculum has been created around weeklong themes. The teachers look at each unit in depth and provide the maximum learning opportunities. The Pre-K classroom offers ample play time and creative activities to reinforce social skills and independence.

**The Wrap-Around Classroom** is an integrated, mixed-aged classroom for 3- & 4-year olds. This room provides a different dynamic by combining children of different ages. Student who attends CHIPs in the morning and need extended care, will join this classroom as well. This classroom will focus on social skills as well as academic development, centered on weekly themes.
